NEW BOOKS

*Birth Control*
By Aharon W. Zorea

PUBLISHER: Greenwood, 2012
Call#: 363.96 Z8b

Mr. Zorea presents historical information about birth control in the United States from the birth of the nation through World War II, and he covers the U.S. government’s policy, with regard to birth control, from 1945 to the present. The controversies surrounding birth control are also covered.

*Case Files: Family Medicine*
By Eugene Toy, Donald Briscoe, Bruce Britton

Call#: 610 T756c

Case studies from family medical practices can be found in this book, and each case study is accompanied by discussion questions and a definition of terms.

*Case Files: Psychiatry*
By Eugene Toy and Debra Klamen

Call#: 616.89 T756c

Students can learn from these case studies about the variety of psychiatric conditions that people have.

*Current Practice Guidelines in Primary Care 2012*
By Joseph Esherick, Daniel Clark, Evan Slater

Call#: R 616 E75c

This medical guide provides information on about 60 different conditions and how to recognize and treat those conditions.
