Family Easter Egg Hunt

An "egg-cellent" event!

That's what more than 150 Sullivan University students, alumni, family and friends were heard saying as they participated in Sullivan's annual Spring Easter Egg Hunt. The day included fun booths for the kids, face painting, hair braiding, refreshments and of course, the Easter Bunny. This year, Big Bird made a special appearance and children lined up to have their pictures taken with both. The day ended in a high energy Easter egg hunt that took place on the front and back lawns of the campus.
