Top students earn Bachelor's scholarships

For two very fortunate Sullivan students, their Bachelor's degree is tuition-free. The Board of Directors of Sullivan University annually awards two full tuition scholarships; one for a female and one for a male student. The scholarship is designed for students who are either formerly or currently enrolled in a graduate program of Sullivan's associate degree programs and who want to continue their education towards a Bachelor's in Business Administration.

This year's recipients are Stephanie Luckett, an Accounting major; and Jon Lewis, who earned his Associate degree in Business Management. Stephanie chose Sullivan "for so many reasons. I love that almost every class is offered during the day, at night and online. It makes it easy to find a schedule to fit your life. I also like going to school on quarters. For me, it's easier to study hard for 11 weeks and then have a break, than to draw the curriculum out for 16 weeks. I also appreciate that I don't have to plan an extra half an hour to park and walk to class or feel lost in a huge classroom. Last, but not least, are the instructors who all bring so much to the classroom with their experience and enthusiasm."

When asked about her reaction to becoming a scholarship recipient, Stephanie shared, "When I received the notice that I was chosen, I was so excited tears came to my eyes, and I rushed to notice that I was chosen, I was so excited because it was elated to receive the scholarship." "Looked around at other schools, I feel Sullivan has the classes that will help me get ahead in my career. I want with Finance as a second major to have something additional to fall back-on. I was elated to receive the scholarship."

Meet the Hansens!

Dad: Todd. Mom: Bonnie.双人新 Culinary Arts student: Ashley (left) and twin sister Emily.

High school seniors can win money, too!

The best way to earn scholarships is to apply, apply, apply! Fall and early winter is the optimum time for high school seniors to apply for scholarships and Sullivan offers many scholarship opportunities. One of these opportunities is the Sullivan University Senior Academic Scholarship, due Friday, March 6, 2009. The Senior Academic Scholarship is evaluated based on entrance assessment scores, GPA through your junior year in high school, and an essay on "How and Why You Selected Your Career Field."

For more details and a complete listing of scholarships opportunities for high school seniors, visit our "Leaving High School Behind" website at teens.sullivan.edu or contact your admissions officer at 1-800-844-1354.

More students choose Sullivan for their career-focused education:

On September 22, Sullivan University's main campus in Louisville welcomed its fall freshman class to its growing day division. Sullivan is unique in that it has two separate freshman classes. The first class of 295 students invested in their future and enrolled in the Summer Quarter which runs from June 23. The nearly 400 new fall day students were joined in class by 100 reentering students who had interrupted their studies for one reason or another; these students then joined the nearly 850 students who were continuing their Sullivan University education from the Summer Quarter to total some 1,120 day division students, one of the largest day classes on Sullivan's main campus.

Online classes continue popularity

There are 125 day division students taking at least one online class in addition to their on campus classes. They find that combining online and on-site classes enables them to complete their degrees more quickly with less time away from family and work responsibilities. Altogether, more than 1,100 of Sullivan’s day and evening students are taking at least one online class.

Many states represented in the day division

There are currently 17 states represented in the new starting students in the day division. Sullivan’s National Center for Hospitality Studies attracts students from across the country and several foreign countries due to its stellar international reputation. Strong out-of-state representation makes the University's student housing a popular option; this fall, there are more than 300 students in student housing.

Sullivan meets the needs of working adults

More than 35% more students elected to begin their studies at Sullivan University in the evening and weekend programs this fall than did so last fall. Business Administration continues to head the list of programs chosen by evening and weekend students followed by Human Resource Leadership, Culinary Arts and certification programs in Microsoft and Cisco specializations. Many students have attended college prior to attending Sullivan and five have already earned master's degrees, for 68 new students, this is their first experience with college studies. Just under 15% of the students are not in full programs of study but are taking classes to enhance their promotability on their current jobs.

Tuition Guaranteed NOT to Increase!

Sullivan University guarantees that when you start school in a certificate, diploma, associate, or bachelor’s degree, and with continuous attendance, taking at least one course, on campus or online, each quarter (4 times a year) your tuition will not increase through completion of your bachelor’s degree.

Students have fun at Sullivan

Always a fun event and this year was the best ever. Plenty of food, fellowship and fun. The event had to be moved indoors due to rain, but we didn't get the blues. We had a blast! Umbro contact, lists of games, great music and best of all great food!

Annual Picnic

Sullivan's Annual Summer Picnic was held at beautiful Seneca Park this year. There were lots of hamburgers, brats, hot dogs and hot temperatures to add to a day filled with fun and games. Faculty, staff, alumni and students alike joined in the fun, as well as a live performance from Sullivan's newly formed Step Team!

Cram Night gives students a chance to study, unwind or relax each night before finals. Sullivan's Student Activities committee provides all the free pizza, snacks and coffee students need to dive into a night of study. Some instructors host group study sessions, computer labs and the library are open both extended hours for the event.

Highlights of Welcome Week

Welcome Week is a fun-filled first week of school held to welcome new and returning students to the Sullivan campus. Full of great activities like an Ice Cream Social, Bowling, Movie Night and much more, these events are a great way to start each quarter and a great opportunity to meet new people and friends.
